### **ABOUT US**

We are a young audiovisual production company with a creative team specialized in providing content

We are passionate, persistent, diverse, inclusive, curious, and above all, we love to have fun.

All of this helps us excel at what we do best: creating content for brands that play a meaningful role in people's lives. We love what we do, and it shows...
That's why we've been working with great enthusiasm for over 9 years, creating viral content that helps many companies and brands communicate and connect with their audiences.

Based in Madrid and operating globally, we assemble versatile teams tailored to each project. These teams are made up of top professionals in the industry, specialized in their respective fields, ready to support and guide you through your project.

for brands.

# WHAT WE DO

We turn your project into

high-quality audiovisual

content.

Audiovisual productions? Absolutely—that's what we do most, whether it's in Spain, China, or the North Pole. The truth is, we're producing content all day long.

With a client-focused strategy, we're able to tackle any communication discipline to create integrated campaigns that connect with consumers and local cultures.

We produce TV commercials, viral campaigns, and audiovisual projects for TV, cinema screens, social media, or any other type of platform.

We engage in whichever phase the client needs, from concept development to final delivery of the project.

Motion Graphics

## **SCRIPT**

#### We tell stories that move people.

We start by creating a detailed brief of the brand's needs and work closely with you, side by side, to develop a script that delivers the message most effectively to your audience.

This approach transforms your needs into a powerful communication tool that elevates your brand to the next level.

Our content department develops projects in fiction, documentary, branded content, viral media, or any other format for channels, platforms, and brands.

## **PRODUCTION**

#### We set up versatile human teams.

We create tailored, multi-format audiovisual content and handle every step of the process:

concept development, scriptwriting, storyboarding, actor casting, wardrobe design, location scouting, filming permits management, team coordination, shooting, video editing, graphic design, music scoring, sound mixing and mastering, color grading, post-production, and distribution.

We assemble teams customized for each project, comprising top professionals in the field specialized in their respective areas: screenwriters, cinematographers, art directors, sound engineers, lead actors and extras, makeup artists, editors, colorists, sound post-producers, VFX artists, and any other experts you may need.

Our portfolio includes productions for both national and international platforms such as Netflix, Amazon Prime Video, Rakuten TV, RTVE, Playz, Antena 3, and more.

# **ADS**

Advertising, commercials, and the countless other names attributed to this type of content all require meticulous and well-executed production. At Red Burton, we rely on a vast roster of talented directors who will undoubtedly bring out the best in your project.

In short, we offer a wide range of carefully crafted advertising designed to ensure every frame holds value.

# BRANDED CONTENT

We are the perfect ally for your social media feed.

We create powerful, high-quality Social Media Content to build the ideal feed for your social platforms.

We produce all kinds of audiovisual content that connects brands with celebrities and influencers, generating strong impact and delivering the views your product needs.

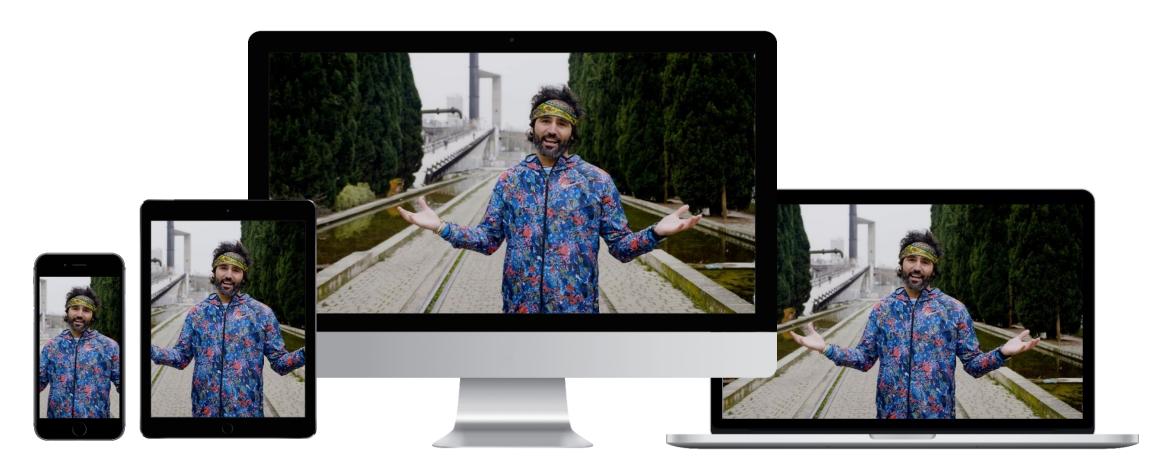

Don't worry if you're unsure who the best ambassador for your brand might be—we'll find and manage them for you through our dedicated talent department.

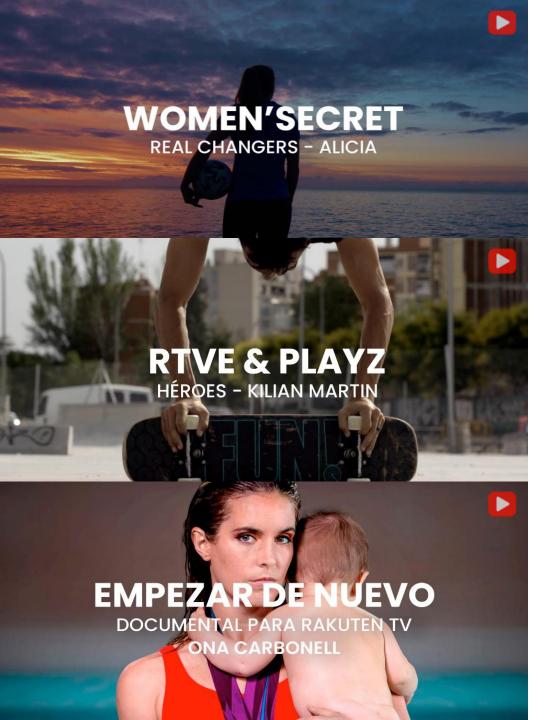

# MULTI-FORMAT

We are experienced in producing content for all types of platforms, creating versatile framing solutions to ensure your brand is present across all social networks—a perfect way to make your campaign content reach everyone.

# **DOCUMENTARIES**

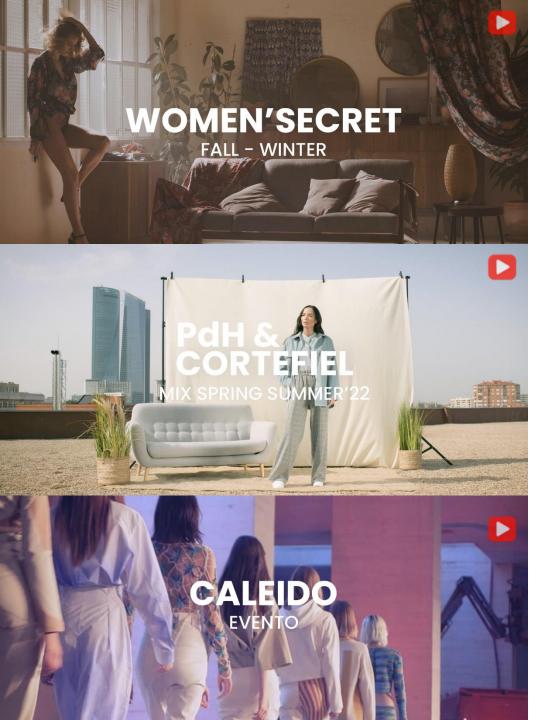

#### Sometimes reality surpasses fiction.

This is undoubtedly one of the formats we enjoy the most, where we build dedicated teams that, through their commitment, become almost like a small family. This close-knit collaboration allows us to capture reality in an incredibly natural way.

Often, the best way to tell your story is through reality-based content. At Red Burton, we help structure reality to move and inspire your audience.

With authenticity and heart, we've successfully produced numerous impactful documentary audiovisual projects for platforms and channels such as Amazon Prime Video, Rakuten TV, and RTVE's Playz.

# **FASHION FILMS**

Aesthetics as a foundation of storytelling.

We have years of experience creating impactful content for brands that showcase their collections, producing fashion films for names like Women'Secret, Pedro del Hierro, and Cortefiel, among others.

We cater to the need for content in large campaigns as well as lifestyle pieces, helping consumers identify with the brand.

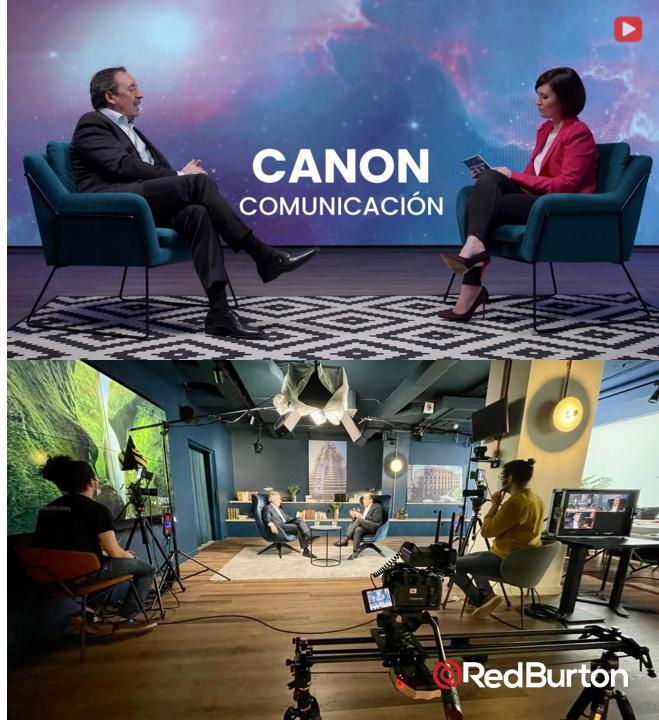

## **CORPORATE VIDEOS**

It's a n atractive and modern way to make yourself known.

Our approach is based on a client-focused strategy that highlights your company's essence—from its image and philosophy to its way of working.

We tell your company's story and showcase its services. We immerse ourselves in your brand's spirit to craft corporate videos that uniquely convey what the world needs to know about your business.

The image of your business will be elevated with a fresh and innovative touch delivered through high-quality audiovisual pieces. This will help you gain visibility, connect with your audience, and make an impact.

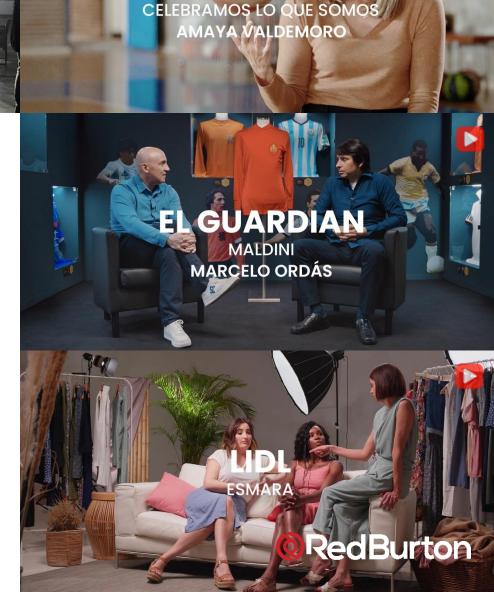

# **INTERVIEWS**

Multi-camera on a thoughfully designed set.

We produce all types of interviews, from the simplest setups to those requiring a decorated set and multi-camera production.

Our approach includes designing lighting and staging that enhance the speakers' conversation, making the viewer feel like part of the scene.

## **MUSIC VIDEOS**

#### Imagination in charge

We are passionate—truly passionate—about music.

We bring our creativity to each artist, transforming the essence of every song into captivating visuals.

Our experience includes producing music videos for artists such as O'Funkillo and Rosa López, overseeing the entire process from pre-production and filming to post-production.

# EVENTS & AFTERMOVIES

We capture every detail.

We film every aspect of your event, creating an aftermovie that perfectly summarizes the experience.

With years of experience, we've covered corporate events, sports events, and music festivals for brands like Repsol, Women'Secret, JB, Johnnie Walker, BMW, Mahou, Bankinter, Río Babel, and Red Bull, among others.

## **STREAMING**

We offer multi-camera streaming, multi-platform broadcasts, and simultaneous translation for all types of events.

Wherever and whenever you need it.

This is the fastest and most effective way to share any type of content—a service trusted by clients such as Canon, Herbalife, Huawei, and the Ministry of Social Security to convey their messages seamlessly.

### **AERIAL SHOOTINGS**

#### Your Brand, elevated.

Perspective is key in audiovisual storytelling. While we may not fly ourselves, our drones certainly do.

Red Burton is an AESA-certified operator with a team of skilled drone pilots ready to take your project to new heights.

We carry civil liability insurance and handle all necessary permits and licenses to ensure our flights are always 100% legal.

Specializing in filming sports, events, and commercials, we can tackle any aerial recording challenge.

### **PHOTOGRAPHY**

#### Capturing the perfect moment.

We are a young production company with a specialized team offering services in advertising photography, product photography, food photography, fashion, corporate reportage, and event photography.

These are just some of the shooting services we provide to ensure our clients always take home the best moments from every project.

Our team delivers professional photography to capture what truly matters—the perfect instant.

## **GREEN SCREEN (CHROMA KEY)**

Ready, Set.., Green light!!

Imagine any location, and we'll make it happen. We can shoot with a green screen at our studio in Madrid or any other space, integrating various backgrounds—from stock images and footage we capture to custom-designed 2D or 3D environments.

This service is ideal for all types of videos, virtual events, or hybrid events, keeping up with today's trends.

## **POSTPRODUCTION**

Our studio features seven post-production workstations, two of which are isolated and soundproofed, equipped with an acoustically optimized environment for video editing, voice-over recording, music composition, sound design, mixing, and color grading, all supported by high-resolution monitors.

All workstations are connected via a 10GBE NAS system with over 100TB of storage, backed up daily to ensure complete control and security.

We provide a full range of services, including editing, visual effects (VFX), motion graphics, color grading, and sound post-production, ensuring seamless video and audio post-production processes.

By having everything in one place, we can coordinate all workflows under a single point of contact, streamlining project delivery timelines.

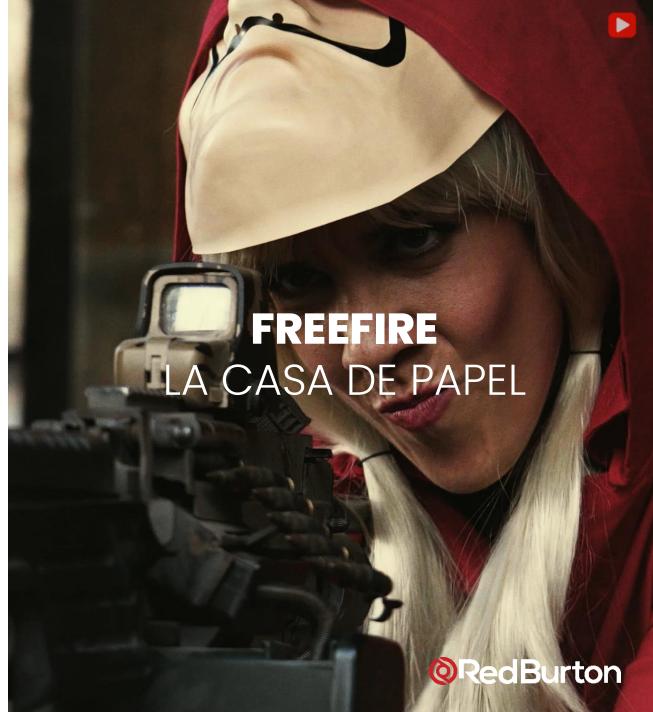

We also welcome clients to sit with our editors in one of our two isolated suites, ensuring maximum focus and efficiency during the editing process.

## **SUCCESS STORIES**

For the launch of a video game in Spain, we created a commercial that involved coordinating a large team of specialists and an array of weaponry to produce a striking video. This was part of an ambitious campaign that included several viral pieces featuring renowned influencers.

Within 48 hours of the campaign launch, we surpassed one million views, placing the videos in the top 10 trending gaming content on YouTube in Spain.

We produced both seasons of the documentary series \*Héroes\* for RTVE1 – PLAYZ, focusing on the top 10 athletes in Skate and Parkour. The athletes travel through the streets of Spain's major cities to showcase the present and future of urban sports as a cultural, social, and athletic phenomenon. The series covers emerging professionalism, street culture, women in urban sports, and the important role of teamwork in these disciplines.

\*Heroes of the street! It's your moment!\*

## **SUCCESS STORIES**

The most important Spanish cycling event has trusted us for the past 4 years to coordinate a satellite recording team. During the 3-week duration of La Vuelta, we generate, edit, and deliver videos to its sponsors. We produce multi-format pieces, including ENG broadcasts, interviews, aerial footage, and action shots.

**SUCCESS STORIES** 

A documentary feature for Rakuten TV about Ona Carbonell's experience balancing her career as an elite athlete with motherhood.

\*"Starting Over"\* is an ode to the balance between being a mother and a high-performance athlete. Effort and personal growth permeate every frame of this documentary.

This documentary series follows the daily lives of three women excelling in fields traditionally dominated by men.

The campaign was a success during Women'Secret's Women's Day campaign. The trailer garnered over 1M views on its release day, and the story captured the attention of media outlets such as Elle and Hola.

The documentary is currently streaming exclusively on Amazon Prime.

## **OUR CLIENTS**

## **BRANDS WE'VE WORKED WITH**

#### ¡THE VENUE YOU'RE LOOKING FOR!

Studio, house, garden, office, and production—everything in one space with endless possibilities, in a unique setting.

We are located in Torrelodones, one of the most beautiful towns in the Sierra de Madrid, just 30 minutes from the city center, with plenty of parking available.

7th Victoria Street
Postal code: 28250, Torrelodones-

Phone: (+34) 677726225

## **OUR SET**

The space features an open area of 35m<sup>2</sup> (377 sq ft), with ceramic wood-look flooring, two sets of curtains (white and black), a small makeup area, and ceiling rails for creating a minimalist lighting design. All of this is complemented by professional acoustic treatment.

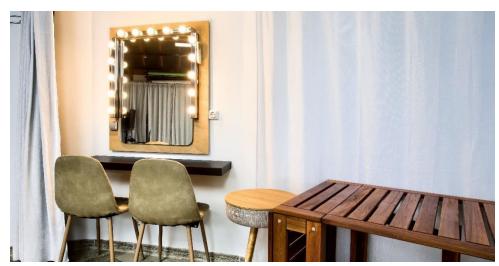

#### Highlights:

- 35m² open space
- Professionally acoustically treated
- 300mb symmetrical Wi-Fi
- Heating and cooling air conditioning
- Ceiling rails for lighting
- Makeup set
- Green, black, white, and gray chroma key backgrounds
- Catering space

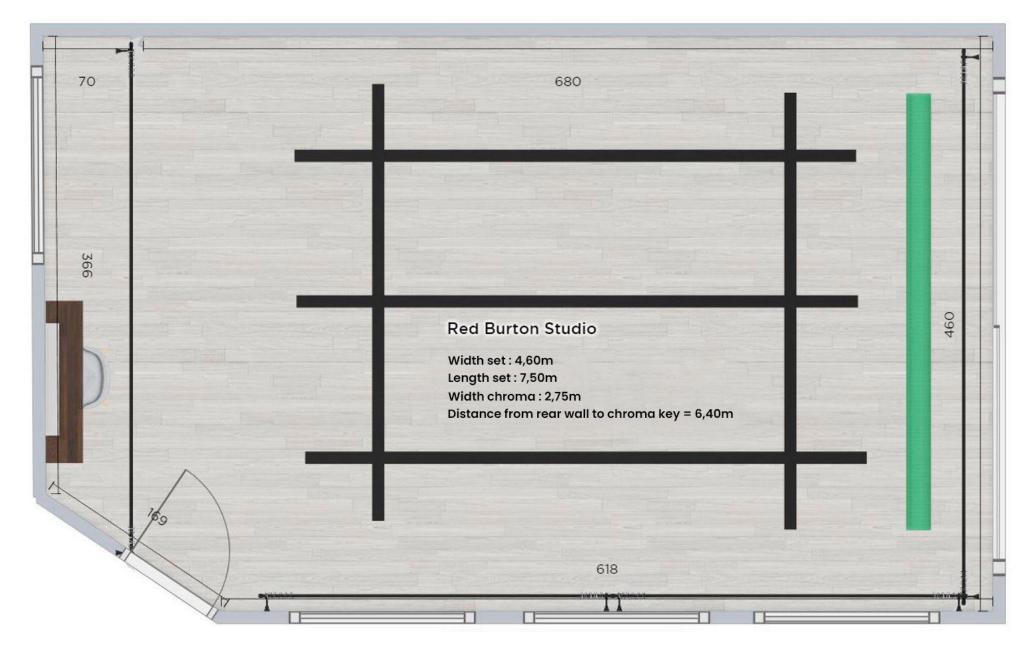

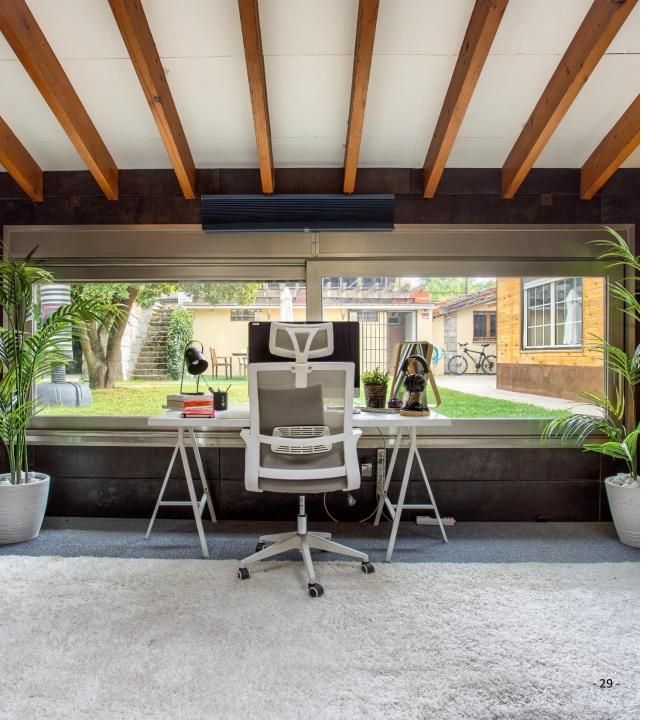

## **OUR VENUE-HOUSE**

A 250m² (2,691 sq ft) space with a modern yet rustic style, adaptable to the needs of your project, allowing you to easily move around and find the perfect shot. With more than 6 different areas, you can transform them into any scene with their versatility and comfort.

#### Highlights:

- $-250\text{m}^2$  / **2,691** sq ft
- 3 Bedrooms
- 1 Kitchen
- 2 Living rooms
- 1 Multi-purpose space
- 4 Bathrooms
- Catering space
- 1 Spacious hall

# OUR ENVIROMENT

In addition to the beautiful gardens surrounding the house, we also offer a barbecue, padel court, basketball court, and an incredible swimming pool.

Forget about wasting time looking for parking; everything is easier here. We have 5 parking spaces within the property, so you won't have to worry about where to leave your car, motorcycle, or van. If you need more space, there's always room on the same street, and there are no parking meters in the area.

#### 1000m<sup>2</sup> of land / 10,764 sq ft

- Padel court
- Basketball court
- Swimming pool
- Barbecue
- Garden

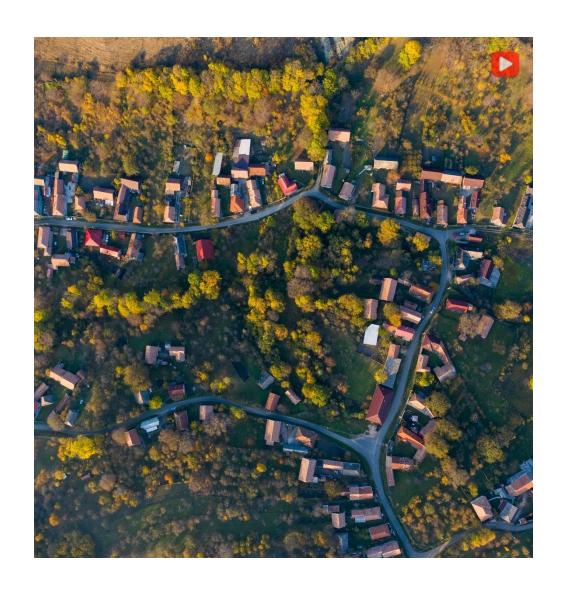

# **LOCATIONS REEL**

Finally, we've prepared a short highlight video featuring some of the productions we've done in our spaces. Would you like to watch it? Hit play!

Count on us if you need crew for your production—we can complement your existing team or create one from scratch.

# OUR EQUIPMENT

At Red Burton, we have our own equipment to carry out any type of production, helping to reduce costs: cameras, lighting, sound, drones, combo monitors, wireless video and audio links, streaming mixers, and a variety of mounts and accessories to streamline shooting.

#### Highlights:

- 4 complete camera kits
- 6 wireless microphones
- 2 boom poles with shotgun microphones
- LED lighting
- 2 drones
- Immediate availability
